

## TOTAL OVERLAND COMMUNICATION SOLUTIONS

PROVIDING REMOTE INTERNET, WI-FI, AND VOICE

## INTRODUCING THE TOC BOX FAMILY OF PRODUCTS

Give your team complete mobility in an expandable system with a rugged design.

### TOC BOX

SIMPLE DEPLOYMENT / FAST CONNECTIVITY /  
POWERFUL COVERAGE

TOC BOX is a powerful communications tool delivering Internet, Wi-Fi, and voice connectivity to the most rugged and remote locations. Its coverage area surpasses any standalone mobile device available and reliably stays connected in conditions where satellites can't.

### TOC COM

VOICE COMMUNICATION /  
CONNECTED CREW /  
WIRELESS CONVENIENCE

Seamlessly connect your crew with the TOC COM wireless voice communication system, which includes integrated telephone dial tone and on-site intercom capability. Other available options include a 120dB industrial PA and amplified ringer and hazardous area equipment.

## ENTERPRISE

FLEET SUPPORT / MULTIPLE LINES /  
WIRELESS ACCESS

For larger teams working remotely, the TOC BOX Enterprise solution keeps everyone -- from site to office -- connected by leveraging the power of multiple TOC BOX units along with the TOC COM to meet the demands of any size team on location.

## MULTIWAN

HIGH-CALIBER DATA /  
ENTERPRISE SOLUTION /  
GREATER ACCESSIBILITY

Connect remote job sites with a customized solution, even when working in the middle of nowhere. The TOC BOX multiWAN delivers an office-class Internet connection to drive greater access, speed, and bandwidth in places you'd least expect to have this caliber of service.

**POWERED BY  
TOC BOX™**

Even in this connected age, there's still a workforce left to get the job done without reliable voice or data access. TOC BOX connects even the most isolated job sites with wireless solutions.

**AT THE HEART OF EVERY DEPLOYMENT IS THE TOC BOX. WHETHER PROVIDING WI-FI FOR A LONE WORKER OR SERVING AS THE BASE OF CONNECTIVITY FOR AN ENTERPRISE SOLUTION, THE TOC BOX IS THERE WITH ITS DUAL-CARRIER, AUTOMATIC FAILOVER, LTE SPEEDS, AND CRYSTAL-CLEAR VOICE CAPABILITY.**
